## Up Close & Wild

Explore our trails and exhibits and find out what makes different animal classes unique as we visit birds, reptiles, amphibians, and mammals. This is a great program for first-time elementary visitors!

Includes up-close interaction with ODC animal ambassadors.

Onsite program includes a visit to the DeWitt Birds of Prey Center.

## Up Close & Wild Jr.

What do our ODC animals need to live? Food, water, shelter, and a lot of care! Young visitors will search our trails for good habitats and meet some of the wild creatures who call these spaces home.

Includes up-close interaction with ODC animal ambassadors.

## Birds of Prey—LIVE!

"Hawks, owls, and falcons, oh my!" Meet the live raptors who call ODC home and learn about their roles in local ecosystems. Binoculars and touchable artifacts such as wings, talons, and skulls add new layers of fun as we learn about our feathered friends.

Includes up-close interaction with ODC animal ambassadors.

Onsite program includes a visit to the DeWitt Birds of Prey Center.

## Maps & Landforms

Students navigate new skills as they learn to find their way using maps, compasses, and observations of the world around them! Enviroscope models and our own trail map system provide the tools to learn how to read maps, recognize different landforms, and understand where these skills are used in real life.

## Red Alert!

### Self-guided Art Exhibit

#### Limited Time Only

Inspired by the IUCN Red List, *Red Alert!* highlights the urgent need to protect species and habitats from threats like climate change and pollution.

This interactive exhibit by artist Joel Schoon-Tanis raises awareness and empowers people to protect local biodiversity.

The exhibit will be on display at Outdoor Discovery Center's Spoelhof Family Visitor Center August-December 2025. Prompts will guide visitors in how to view art, provide context from art history, and inspire your students to dive deeper into the issues facing their local ecosystems and take action.

# Location Spotlight: Rabbit River Preserve

Our newest teaching space opened this summer! ODC Network acquired the land for our Rabbit River Preserve in 2017, and with our new onsite pavilion, we are now prepared to offer a number of our classic Outdoor Discovery Center field trips in this beautiful landscape.

Located in Hamilton, this preserve offers trails through lush forests, past prairie grasses, and up to the eponymous Rabbit River. Our teaching pavilion allows for indoor bathroom access, picnic tables for lunches, and a safe location out of the weather perfect for smaller groups.

## Ecosystem Exploration

Exploring the plant, animal, and non-living factors of different ecosystems allows us to understand what makes a space unique! Young ecologists will observe animals from around Michigan, inspect the ODC's varied habitats, and play interactive games to build knowledge about how these communities and natural systems impact each other.

Includes up close interaction with ODC animal ambassadors.

## Location Spotlight: Cultural History Center

The Bradford Cultural History Classroom has undergone a significant transformation—the renovated space is now better equipped to accommodate multiple classes simultaneously, ensuring a more efficient and immersive learning experience.

Funding from Michigan Arts and Culture Council and National Endowment of the Arts provide operational support of ODC's cultural history programming at the Cultural History Center and in the community.

## Field Trip Pricing Info

\$7 per participant per day (minimum fee \$100)

Chaperones free at ratio of 1:5 with students for 1st grade and up

Chaperones free at ratio of 1:3 with students K and lower

Additional chaperones \$7 each

No fee for teachers, ParaPros, bus drivers, etc.

Price includes up to 4 hours of field trip content!

Can include multiple shorter programs on the same visit at our site.

## ODC at Your School!

Bring the excitement of an ODC field trip to your classroom or schoolyard! Using our many touchable tools and natural artifacts, an ODC naturalist will guide your students through an offsite, one hour version of one of our classic lessons. Call for further information on age ranges.

Choose from one of the following topics:

Anishinaabe Culture

Michigan Animals\*

Birds of Prey\*

Trees\*

French Voyageur History

Wetlands\*

*\*Noted lessons include interactions with our animal ambassadors.*

## Schedule With Us

Registration begins the first Monday of August.  
Program registrations are taken on a first-come, first-serve basis.  
Call early for the best availability.

To schedule a program contact our office:

**616.393.9453**

**odc@outdoordiscovery.org**

Please have the following information available:

1. School / Organization Name
2. Teacher / Contact Name
3. Contact Information
4. Estimated number of participants
5. Title of program(s) you are interested in
6. Preferred season, week, date for a program

## ODC at Your Assembly!

Share ODC's animal ambassadors with up to 200 people in these exciting live animal shows!

Birds of Prey

Michigan Animals

## ODC at Your School! Pricing

\$8 per participant per day (minimum fee \$180)

Up to 2 classes per presentation,  
includes hands-on experience
